Town Cats

We are committed to placing homeless cats and kittens in the best possible homes. Please provide the following information to assist us in our match. If your pre-app is approved you will be invited to visit the cat of your choice; whereupon you will be required to complete a full adoption application should you choose to continue. The adoption app includes the following information and requires your signature agreeing to the term and conditions laid out by Town Cats for adopters.

These terms and conditions are not included as part of the Pre-Application to ensure that potential adopters are genuine and sincere with their answers and not simply filling out the information they think we want to hear. The wellbeing of the cats and kittens in our care is our top priority.
